Subject: RE: Posting MDE EE Demo and Letters

Hi Ben,

Thank you for letting me know. I will make sure that we keep our planning folks better informed in the future.

Thanks, Verena.

Relatedly, I just had a conversation with Maria Pino to clarify my understanding of any regulatory significance for these demos for 2015 ozone designations (no impact because PG Equestrian is not the drive monitor for DC). She wasn't aware the demos had been acted on, so I'm just flagging this to make sure the appropriate people are informed there. For example, it could be possible they would need to revise the ozone designations TSD.

Thanks!

Ben

Hi Ben,

Please see the email below from Maryland, granting EPA permission to post their exceptional events demos online.

Verena,

We are ok with OAQPS posting both of Maryland's EE demonstrations.

Mike

Hi Mike,

OAQPS is interested in obtaining and posting MDE's final exceptional events demonstrations from the Ft. McMurray and July NW Canada wildfires in 2016 on the EPA exceptional events webpage. Before I share those documents with them, I wanted to see if that is something MDE would be okay with.

Please let me know if you have any questions or concerns.

Best,
